

In order to ensure the safety of DOE and DOE contractor employees, we ask that anyone working before the 6 am opening or after the 6 p.m. closing time of the Federal facilities, or anytime on weekends and holidays, please notify the Oak Ridge Operations Center (OROC) at 576-1005. In addition, when leaving the Federal facilities after they are closed, please notify OROC of your departure. This will help to ensure accountability of personnel should an emergency occur.

Thank you for your cooperation.
